"FAIRY TREE"

## Christmas Stocking Kits

Each kit contains instructions and yarn for one stocking. Stockings measure about 20" x 7" and are knit in Rauma Strikkegarn, a DK weight wool yarn.

To ensure enough yarn to knit the stocking, knit to gauge, 6 sts per inch.

While it is impossible to reproduce the yarn colors exactly, colors do represent the spirit of the stockings, and photos are taken with the colors provided in the kits. Shade on shade color patterns can be hard to see, and may take a few rounds to "differentiate" into their "distinct" colors.
