

Errata

Some FAIRY TREE patterns are incomplete.

The section “**WORK ATTACHED I-CORD**” should read as follows:

WORK 1 ATTACHED I-CORD AT TOP OF LEG. Use blue yarn and 16” 3.5 mm circular needle. With right side facing, and beg at the join, pick up and k1 st in each CO st. With working yarn, cast 3 sts on left needle, k these three sts, return them to the left needle. Working with a double pointed needle of the same size, *k2 sts, k2tog tbl (one st from the I-cord and one st from the stocking), return these 3 sts to left needle;* repeat between *s until 3 sts are left. Continue knitting a regular I-cord. *Slide sts to other end of needle, and bringing yarn from last st, k 1 row*; rep bet *s until you have about 5” for a loop. Loop the I-cord, fastening the live edge with the base of the I-cord either by grafting or sewing live sts to beginning sts; neaten and strengthen loop by sewing the “edges” of loop together at the base. Hide tails in I-cord.

The transition between the leg and the heel is clearer if the “**WORK LEG**” section reads as follows:

RNDS 1-87: k; break yarns

Part of “**CHART A, LEG**” is missing; Please use the following charts for rnds 2-3 and rnd 87
